

SUPERVISORY, INFORMATION TECHNOLOGY SPECIALIST (NETWORK)
GS-2210-11

INTRODUCTION

The position is located in the Communication Section (S-6), Marine Special Operations School (MSOS), U.S. Marine Corps Forces, Special Operations Command (MARSOC), at Camp Lejeune, North Carolina. The mission of MARSOC is to train, organize, equip; and when directed by the Commander, U.S. Special Operations Command (USSOCOM) to deploy task organized, scaleable, and responsive U.S. Marine Corps special operations forces worldwide in support of combatant commanders and other agencies. MARSOC is one of four components of USSOCOM. The Commander, MARSOC is a U.S. Marine Corps Major General (O-8) and reports to the Commander, USSOCOM. In this capacity, the Commander, MARSOC exercises command over a force of nearly 2,700 active personnel from both the U.S. Marine Corps and the U.S. Navy.

The primary purpose of this position is to provide Network Data Communications training and support to the MSOS staff and students. The Information Technology Specialist (Network) will also assist with the management of all Navy and Marine Corps Internet (NMCI) and all United States Special Operations Command (USSOCOM) SCAMPI Network computers, and the development of Data Communications curriculum in MSOS.

SPECIAL REQUIREMENTS

1. The incumbent must have the ability to obtain and maintain a final Secret security clearance.
2. The incumbent must be familiar with Marine Corps automated data processing equipment (computers) and capable of operating Microsoft Office programs, Microsoft Outlook, and other job-related software.
3. The incumbent may be required to work other than normal duty hours, which may include evenings, weekends, and/or holidays. Periodic travel may be required to deploy in a temporary additional duty capacity to a CONUS or overseas area incident to an exercise or professional training.
